The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single difference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should preferably be employed.

By virtue of being born in Pisces Ascendant, you will be a person of thoughtful disposition and generous instincts. You will have the tendency to think over a particular subject for a long time and weigh the pros and cons very carefully, for which you are less likely to arrive at wrong conclusions. You are likely to be spend-thrift by nature and money has little value to you; however, you will be openly helpful to your relatives and friends, if they are in distress and seek your assistance. You might be highly emotional, imaginative and idealistic. You may be full of enthusiasm in the beginning in regard to any work or plan, but your enthusiasm may suddenly vanish much before reaching the end. You may tend to be carried away by your emotions and very soon may abandon your own thoughts and values. Your thought process will considerably improve as you will mature through your life's experiences. If your Ascendant-lord Jupiter is well-disposed, you will be rich in insight and will be attracted to spirituality.

You will have deep interest in studying ancient classics and may have some interest in music as well. You will be religiously inclined and will treat pious people with due respect and honour. You will lead a happy life with your spouse and children.

#### Mercury

In your chart, Mercury is placed in sign Sagittarius. You may have a rash and hasty disposition, but you will soon be reconciled. You will strive after honourable things but will seldom be able to attain them. However, if Jupiter is in conjunction with or aspects Mercury, then you may acquire honourable titles or receive distinctive honours. If Rahu is situated in an angle from Mercury, then you may receive academic distinction. If Mars aspects Mercury, then you may become quarrelsome or argumentative.

#### Venus

In your chart, Venus is placed in sign Sagittarius. You will be generous and spirited person, aiming at nothing mean or underhand. Although you will be rather proud and passionate, you will be even tempered and will have a kind, inoffensive and obliging nature. You will be fortunate, will be skillful in literature or arts and will delight in innocent recreations. Although you will receive favours and benefits from the authorities, you might be distressed on account of inimical actions of jealous persons.

#### Mars

In your chart, Mars is placed in sign Aquarius. This is not a good position since you will be prone to suffer from high blood-pressure. If Mars is afflicted by malefic planet(s) and is neither associated with or aspected by benefic planet(s), you might be prone to receive serious injury in your shank portion below the knee, resulting from accidental mishap. Besides, you might remain worried owing to over-expenditure because of ill-health of your children. Although you may have a buoyant disposition, with your conduct you may give rise to controversy. You may lose wealth by way of speculative investments.

#### Jupiter

In your chart, Jupiter is placed in sign Capricorn. Although this position has not been praised as Jupiter becomes debilitated here, the condition will become improved if Jupiter obtains 'neecha-bhanga' or cancellation of debility. It will make you a clever person with a very practical outlook and you are likely to become more interest-oriented and money-minded. You may have good gains from livestock, forest-products, agricultural produce, etc. If Jupiter is associated with Mars or Saturn or Venus or the Moon, then during sometime in your life you will have influx of wealth from a very unexpected source.

## Saturn

In your chart, Saturn is placed in sign Pisces. This is a praised position, more so if Jupiter or Venus is associated with it or if Jupiter or Mercury aspects it. You won't be loquacious, but will tend to be deliberative; you will do all things circumspectly and work diligently for achieving your goals. If associated with or aspected by malefic planet(s), you may take undue interest in other people's affairs and may be given to contentions and dissimulations; but things will be improved as you would gain maturity.

## Moon

The Moon is situated in sign Scorpio in your chart; so your 'Janma-Rashi' (or Chandra-Lagna) is Vrishchika. Your mental qualities and certain other characteristics will be governed by this feminine, watery, fruitful, stingy-natured and fixed sign and, to some extent, by its sign-lord Mars.

Moon in sign Scorpio is considered to be a somewhat 'tricky' position. If the Moon is involved in square or opposition aspect with either Saturn or Mars, it might make you irregular, contentious and impulsive in actions; besides, you may suffer from some diseases affecting your private parts or you may suffer from some persisting pain. But if the Moon is in conjunction or in aspect with Jupiter or Venus, you will be very fortunate and will have a jovial or cheerful disposition. Moon in this position, however, makes one very fortunate in respect of earnings. You will have lot of dealings with the public and run a brisk business.

## Rahu

In your chart, Rahu is placed in sign Scorpio. This position is generally not praised as it may make you suffer from some wasting disease, more so if the Moon or the Sun is also situated with it. However, if Mars is well-placed, it may and can give influx of wealth -- although not necessarily by very fair or scrupulous means. You may lack peace of mind owing to various causes like setback in profession, disputes in respect of property matters and possible loss of wealth through theft, fire, etc. However, if Rahu is associated with or aspected by natural benefic planet(s), then the results will be modified for the better.

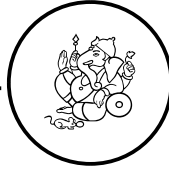

## Ketu

In your chart, Ketu is placed in sign Taurus. This position is generally not praised as it may make you suffer from some wasting disease, more so if the Moon or the Sun is also situated with it. However, if Venus is well-placed, it may and can give influx of wealth -- although not necessarily by very fair or scrupulous means. You may lack peace of mind owing to various causes like setback in profession, disputes in respect of property matters and possible loss of wealth through theft, fire, etc. However, if Ketu is associated with or aspected by natural benefic planet(s), then the results will be modified for the better.

## Uranus

In your chart, Uranus is placed in sign Aries. You might be somewhat nervy but you may have some unusual and yet very original ideas. People may consider you to be somewhat eccentric. If Uranus is associated with or aspected by natural benefic planet(s), then you may be a kind of genius and gain acclaim for it; but if it is associated with or aspected by natural malefic planet(s), then you may be just a crank. Curiously, if both types of influences prevail, then you may be an unique and unpredictable entity.

## Neptune

In your chart, Neptune is placed in sign Leo. This is a fairly favourable position. If the Sun is also well-placed in your chart, it will give you a fairly full build and a strong body structure. You may have bulbous eyes which will be very expressive; although not very deep-set, still you may have penetrating gaze. You may possess some artistic capacity and may have excessive interest in acting.

### **Pluto**

In your chart, Pluto is placed in sign Cancer. It is not at all a favourable position. If the Moon is weak or afflicted, then your emotional intensity may become ruinous and may adversely affect the home and family affairs; it can cause extreme unpleasantness and may drive some family-members away or you may leave home without any warning or giving any indication in respect of your future whereabouts. However, if Jupiter or Venus is situated with the Moon or aspects it, then the situation will be improved.

## Prediction On The Basis of Bhavas

### Ascendant Lord

In your chart, the Ascendant-lord is situated in the eleventh house, which is called the house of gains (Labha). Besides gains and profits, this house has governance over earnings from occupation and self efforts, wealth, acquisitions, accomplishments, fulfilment, praise, etc. Since this is the best possible position for the Ascendant-lord as any planet gives its excellent result when it is situated in the 11th house; you can therefore look forward to receiving only the very best in your every effort. If a natural benefic planet is situated with the Ascendant-lord or aspects it, the beneficial results will be more pronounced. If your Ascendant is Capricorn or Aquarius and if your Ascendant-lord Saturn is neither associated with or aspected by a natural benefic planet, then your personality may become weak and you may become less energetic -- unless some modifying influences are present in your chart; although you can still earn a lot and amass wealth by following convenient means. If your Ascendant is Taurus or Cancer, you will become exceedingly fortunate as your Ascendant-lord will be exalted in the 11th and you will be rolling in wealth. This house rules over left ear and pleasant news; if the house has no affliction, your elder cousins and friends will be very helpful and incoming good news will increase your pleasure greatly. You are very much likely to be the eldest among your co-borns -- this will be more so if you are a male person.

### Lord of 2nd House

In your chart, the second-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). Normally, the lord of wealth situated in the house of expenses is obviously not considered desirable. But, if your Ascendant is Aries or Gemini, then your 2nd-lord will be exalted in the 12th house; it will give its characteristic beneficial results as it will act like a great benefic and will give you comforts and pleasures. In addition, if the 12th-lord is situated in the 12th itself or if a natural benefic planet is situated in the 12th or aspects it, then wasteful expenditures will be considerably reduced; but if a natural malefic planet is situated in the 12th or aspects it, then the wasteful expenditures will increase. If no benefic planet is situated in the 12th or aspect it while the malefic planet(s) situated in the 12th and/ or aspecting it is more than one, then there could be confiscations or sudden losses. If your Ascendant is Aquarius, you may not be so lucky as the 2nd-lord who is the 11th-lord also, will be debilitated in the 12th; your wealth and earnings might be diminished and you may face problems owing to blockage of funds.

### Lord of 3rd House

In your chart, the third-lord is situated in the tenth house, which is called the house of profession (Karma). It indicates that your profession is likely to have strong connection with the 3rd house significations like news-paper/ press, writing/ editing/ translating, post/ telegraph/ courier service, radio/ broadcasting, transport/ tourism, etc lines. If your 10th-lord is well-placed or if it is either associated with or aspected by a natural benefic planet, then you are likely to be a ranked person and get good remuneration; but if your 10th-lord is ill-placed or if it is either associated with or aspected by a natural malefic planet, then you may be tied down to a poorly paid job involving responsibility and sub-ordination. From this position, the 3rd-lord aspects the 4th house for which if the 4th-lord is weak, then you may incur some wasteful expenditures and even may have losses. If the Moon is also weak, the health and well-being of your mother may cause some concern; if Mars or Venus is weak instead, you may have changes of residence or may face problems in connection with your vehicles. But if the 4th-lord is well-placed or if a natural benefic planet is situated in the 4th house or aspects it, then you will be free from these problems.

### Lord of 4th House

In your chart, the fourth-lord is situated in the tenth house, which is called the house of profession (Karma). From this position, the 4th-lord aspects its own house which makes you fortunate in respect of various 4th house matters -- mother, education, land and buildings, vehicles, agriculture and farming, mines and minerals, etc. If the Moon is well-placed, then you will have much happiness from your mother. If Mercury is well-placed, you will have high education. If Mars is

well-placed, you will have properties and may earn a fortune from real estate. If Saturn is well-placed, then your profession may have connection with mines/ minerals and/ or with agriculture/ farming. If Venus is well-placed, then you will be fortunate in respect of owning vehicles and your profession may have some connection with transport. However, if the 4th-lord is associated with or aspected by a natural malefic planet and is neither associated with or aspected by a natural benefic planet while the 10th-lord is also in a similar state, then you might run the risk of falling from a height for which it will be very advisable for you to avoid places like hills, mines, bridges over the rivers, construction sites for high-rise structures, etc.

### Lord of 5th House

In your chart, the fifth-lord is situated in the ninth house, which is called the house of fortune (Bhagya). The lord of the house of merit situated in the house of fortune will surely make you very fortunate; you will be intelligent, have a retentive memory, acquire high education and gain proficiency in various subjects. You may have artistic inclinations and a speculative bent of mind -- more so if Venus or Mercury is well-placed. If the Sun is well-placed, you will be very fortunate in respect of your father. If Mars is well-placed, you will be very fortunate in respect of your younger co-borns. If Jupiter is well-placed, you will be very fortunate in respect of your children. The beneficial results will be boosted further if in addition the 9th-lord is situated in the 9th house or the 5th house. If Jupiter is situated in or aspects the 9th house or the 5th house, all your life you will be protected by divine grace while if Saturn is situated in or aspects either of these two houses, then you may have to face circumstantial constraints and limitations imposed on you; if mixed influences prevail, the results will be mixed. If your Ascendant is Pisces, then your 9th-lord will be debilitated in the 5th; unless the 5th-lord is well-placed or a natural benefic planet is in the 5th, you may not be very fortunate and if you are a female, then you may have difficult child-birth.

### Lord of 6th House

In your chart, the sixth-lord is situated in the tenth house, which is called the house of profession (Karma). It indicates that you will be in service for earning a living. If your Ascendant is Scorpio or Pisces, then the planet in the 10th assures you a prestigious position by virtue of obtaining directional strength (Dik Bala). If a natural benefic planet is situated in the 10th or aspect it or if the 10th-lord is situated in the 10th or aspects it, you will rise to a high position. If Rahu is situated in the 10th, then also you will have success in your sphere of profession -- more so if the 10th-lord is well-placed. If the 9th-lord is also well-placed, you will find your fortune in a distant or foreign place. If your Ascendant is Leo, then the 6th-lord becomes Saturn; since Saturn in the 10th gives proverbial results of steep rise followed by sudden fall, you must remain very careful and cautious -- this kind of result will be certain only if Saturn is retrograde or if any other retrograde planet is situated in the 10th or the 5th or the 8th or the 6th. If a natural benefic planet is situated in the 6th or aspects it, your remuneration will increase with time and the 5th house is also similar influences, then you rank and position will be gradually improved. If the influence is of a natural malefic planet instead, then the results will be just the opposite and if mixed influences prevail, then you will experience some wide fluctuations and your prospects would become changeful and variant.

### Lord of 7th House

In your chart, the seventh-lord is situated in the tenth house, which is called the house of profession (Karma). It indicates that you will be an active person and you will be fortunate in respect of your profession; you may run your own business or may be well-placed in a big and reputed organization. If your Ascendant is either Cancer or Libra, then the 7th-lord will become debilitated in the 10th; if the 10th-lord is also ill-placed and if neither Jupiter nor Venus is situated with it or aspects it, you may not do well in your sphere of profession and you may become a victim of slander and disrepute. However, if your Ascendant is Gemini, then the 7th-lord will become in own-house in the 10th while if your Ascendant is Sagittarius, then the 7th-lord will become exalted in the 10th; in such cases, you will become very happy as you will enjoy beneficial results of auspicious 'Pancha Maha-purusha Yoga' and will become well-settled in life. Your life-partner might hail from your sphere of profession and/ or she/ he would work in double harness and will actively assist you for fulfilling your aspirations. If Mars or the Sun is also in the 10th, then you will secure a powerful position as the planet will gain directional strength. If a natural benefic is in the 10th or aspects it, you will be a

purposeful and praiseworthy person. You may understand human nature very well, may do well in marketing and shine forth as an efficient negotiator.

### Lord of 8th House

In your chart, the eighth-lord is situated in the tenth house, which is called the house of profession (Karma). As the 8th-lord indicates obstructions and untoward happenings, you may have changes in profession or transfers a few times and may even opt for seeking premature retirement. However, since the 8th is the 11th from the 10th and the 10th from the 11th, you will have very good earnings from your profession. Since the 10th house rules over one's credibility, honour, etc., if your 10th-lord is not well-placed and if a natural malefic planet is either situated in the 10th house or aspects it, you may run the risk of becoming a victim of slander or disrepute. If your profession is likely to have some connection with the 8th house significations like insurance, provident-fund, taxes, etc and you may do well as a surveyor/ value and loss assessor, an industrial consultant or a financial advisor, etc. As the 8th house governs over defence establishments, you may work in or may have good gains from such places -- more so if Mars is also well-disposed. As the 8th has connection with criminal proceedings and forensic procedures, your job may have connection with these lines too. As a broker/ agent also, you may earn very good profits.

### Lord of 9th House

In your chart, the ninth-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). As the 9th-lord will be situated in the 4th from it, your father's profession may have some connection with education, agriculture, mines, real estate, etc lines; he may stay in a distant place or a foreign country for a long duration. As the 12th is the 9th from the 4th, it may make you reside in a foreign country or a distant place for higher education; alternately, you may be staying in hostels during the most part of your student days. If your 5th-lord is well-placed, then you will be very intelligent and meritorious as well while if your 6th-lord is well-placed, then you may win in competitive examination(s). If either or both of these two combinations exist(s) in your chart, then the 9th-lord in 12th may bless you with a grant or scholarship for continuing higher studies or conducting researches. If your Ascendant is Libra, then the 9th-lord will be exalted in the 12th and if your Ascendant is Aries, then the 9th-lord will be in own house in the 12th; in such cases, you can look forward to having exceedingly beneficial results. If the 12th-lord is not well-placed, then you may incur some losses owing to de-valuation of your stocks.

### Lord of 10th House

In your chart, the tenth-lord is situated in the eleventh house, which is called the house of gains (Labha). This is a favourable position and you will be fortunate in respect of your profession and earnings. This will be more so if your Ascendant is Aries as the 10th-lord will be the 11th-lord as well and as it is in own-house, you will have excellent earnings and will have a large circle of friends. In other cases, if the 11th-lord is situated in any of the houses among the 11th, the 10th, the 9th, the 5th, the 4th, etc., then you will be fortunate in respect of your earnings through profession. If the Moon is well-placed and is situated with the 10th-lord or the 11th-lord or if it aspects either the 10th house or the 11th house, your profession may have some connection with medicine. If Mercury is found in a similar position instead, then the connection will be with books, papers, etc. If Ketu is situated in the 11th house or aspects it, then Computer may be a source of your earnings. If a natural benefic planet is situated in the 11th house or aspects it, your earnings will be steady and ever-increasing but if a natural malefic planet influences it, then there will be considerable fluctuations in this respect. If the Sun or Jupiter is in the 11th, you might be the eldest among co-borns (if you are a male person) and you would develop friendship with worthy people.

### Lord of 11th House

In your chart, the eleventh-lord is situated in the Ascendant, which is called the house of body (Tanu). If your Ascendant is Aries, then the 11th-lord which is the 10th-lord also will be debilitated in the Ascendant; if the Ascendant-lord is not well-placed and if a natural benefic planet is neither situated in the Ascendant or in the 11th or aspect either of these two, you may not be fortunate in respect of profession and earnings; besides, the 11th-lord Saturn being a natural malefic planet and an obstructor (badhaka) as well, it may give rise to some health-complications -- the head might be

the most prone part of your body. Otherwise, the position is highly beneficial in respect of having earnings from profession in abundance and plenty. If the Ascendant-lord is in the 11th, then a highly auspicious 'Dhana Yoga' is generated which will make you immensely wealthy -- this will be more so if your Ascendant is Taurus or Cancer as the Ascendant-lord will be exalted in the 11th. You will be highly fortunate in respect of having a large circle of friends and acquaintances who will be ever-ready to assist you and you will be moving in high circles. If your Ascendant becomes Aries or Gemini or Leo or Libra or Capricorn or Pisces, then your 11th-lord will be a natural malefic planet; you will have excellent earnings but with fluctuations. But if your Ascendant is Taurus or Cancer or Virgo or Scorpio or Sagittarius or Aquarius, then your 11th-lord will be a natural benefic planet; then your earnings will be ever-increasing steadily and gradually.

### Lord of 12th House

In your chart, the twelfth-lord is situated in the Ascendant, which is called the house of body (Tanu). This position will make you imaginative and dreamy; if Jupiter or Mars aspects the 12th house or it's lord, you will have great interest in the occult and mystic subjects. If your Ascendant is Aquarius, then the 12th-lord will be the Ascendant-lord also and will act more like the latter; in such case, you can expect only favourable results as the Ascendant-lord in the Ascendant ensures over-all prosperity. If your Ascendant is Aries or Libra, then as the 12th-lord will be the 9th lord also, you will be religious-minded and fortunate in general affairs; you may have journeys to and gains from distant places/ foreign countries and if Mercury is well-placed, you will receive high education. If your Ascendant is Gemini or Sagittarius, then as the 12th-lord will be the 5th-lord also; this will give you good education, gains from speculative investments and you will be fortunate in respect of having worthy children. If your Ascendant is Leo, it will remain fairly neutral; and if the Sun is in the 12th, you may have your fortune in a distant/ foreign place and stay there for a very long duration. But if your Ascendant is Capricorn, then the 12th-lord will be debilitated in the Ascendant and cause you heavy expenditures and losses -- more so if Saturn is not well-placed. If your Ascendant is any other, you may have some unhappiness on account of your children.

## Result for Planets in Bhava Kundli

### Sun

Since the Sun is situated in your 10th house, you will be born fortunate as the Sun attains directional strength (Dik Bala) here; you will be fortunate in respect of your profession, receive benefits from higher authorities and also from government sources, move in high circles and your reputation will always remain unsullied. This will be more so if your Ascendant happens to be either Cancer or Scorpio as the Sun will then become exalted or in own house respectively. If your Ascendant is Cancer, then you are likely to have a good placement in a major financial institution and if your Ascendant is Scorpio, then you are likely to occupy a governing position in a big establishment. But if your Ascendant is Capricorn, then the 8th-lord debilitated in the 10th might give you a transferable job or many changes in profession; however, if Venus or Saturn is well-placed, you can look forward to having a prosperous career in the fields like insurance, provident fund, etc or you may do well as a value-and-loss assessor or a tax consultant. In any case, this position will give you lofty ideals and make you purposeful; your objectives will always remain above board and you will always despise mean motives and underhand actions. You will win appreciation from the authorities and praise from your colleagues and subordinates alike who would take you as one of them.

### Mercury

Since Mercury is situated in your 10th house, you will be endowed with a restless spirit and might be troubled by many vexations and worries. If Mercury is exalted or in own house, then you will enjoy the fruits of beneficial 'Pancha Maha-purusha Yoga' and will be well-placed in life; this will be the case if your Ascendant is Virgo or Sagittarius and in such cases, you may hold two posts simultaneously. If Rahu is with it or is in an angular position (in the Ascendant or the 4th or the 7th), then you would acquire academic distinction and may acquire expertise in computer operations. This

position favours success in trading and general commission agency business. If the Moon is with it or aspects it, you will become very clever. If Venus is with it, then you will have artistic inclinations. If Jupiter is with Mercury or aspects it, then you will become a learned person and may acquire good command in many languages. You will have a taste for literature and might be engaged in literary or scholastic avocations; alternately, you might be associated with printing/ publishing business in editorship capacity. If your Ascendant is Gemini, then debilitated Mercury in the 10th might give you many changes in occupation -- unless there are some modifying influences. If the 8th-lord is with it or aspects it, then you would gain proficiency in Astrology.

### Venus

Since Venus is situated in your 10th house, you will be very fortunate and will enjoy a peaceful, comfortable and secure position. You will be a cultured and refined person with a taste for artistic pursuits -- this will be more so if Mercury is associated with it. You might be endowed with the gift of prophecy and may have a taste for divinatory arts. If Venus is free from association or aspect of any natural malefic planet, then you will be successful in love-affairs and enjoy high patronage from the wealthy ladies; but if Venus is associated with or aspected by retrograde natural malefic planet(s), then you may become a victim of scandal or disrepute. If Venus is associated with or aspected by Jupiter or the Moon, then you will enjoy a happy and prosperous life; but if Venus is associated with or aspected by an ill-placed Saturn, then you may lack some comforts and pleasures of life. If Venus is 'combust', then you might suffer from eye-diseases and have to wear specs. If Venus is exalted or in own house, then you will enjoy the fruits of beneficial 'Pancha Maha-purusha Yoga' and will be very well-placed in life; this will be the case if your Ascendant is Gemini or Leo or Capricorn and Venus will profusely shower you with its characteristic gifts. If your Ascendant is Sagittarius, then debilitated Venus might lower your status if Mercury is not strong.

### Mars

Since Mars is situated in your 12th house, you will be fortunate in respect of your (younger) co-borns -- particularly, brother; but if the 3rd-lord is not well-placed, then he may not be in good health or either of you may leave for staying in a distant place or you might be separated from him fairly early in your life. If your Ascendant is Taurus or Sagittarius or Aquarius, then you will enjoy beneficial results as Mars will be in own house or exalted; but if your Ascendant is Leo, then you may meet with some sort of misfortune in a distant or foreign place -- unless some modifying influences are present in your chart. If your Ascendant is Aries or Taurus or Gemini or Virgo or Scorpio or Sagittarius, then you will enjoy the benefits of 'Veepareeta Raja Yoga' as you will suddenly become rich in a spectacular way and turn many heads among your relatives and friends. This position indicates fear of effusion of blood from enemies in ambush or by kicks or thrusts from domestic animals. If a natural malefic planet is with it or aspects it, then you may have to go to a distant place, live away from your kindred and may incur the wrath of the out-laws or the Police but if a natural benefic planet is with it or aspects it, then you won't have any such problem.

### Jupiter

Since Jupiter is situated in your 11th house, you will be fortunate in many respects; as Jupiter will be aspecting the 3rd (= younger co-borns), the 5th (= merit, children) and the 7th (= spouse, partners in business, public dealings), you would be blessed in all these respects besides in respect of the 11th (= earnings from profession, friends, etc) -- of course the results could be modified depending on the condition of these houses, of their respective lords and of their respective natural significators (Mars for siblings, Mercury for merit, Venus for spouse, etc). You will be more fortunate if your Ascendant is Taurus or Virgo or Aquarius as Jupiter will be exalted or in own house. But if your Ascendant is Pisces, then as Jupiter will be debilitated in the 11th, you may not be very fortunate -- unless Saturn is well-placed or if Jupiter is associated with or aspected by Venus or the Moon. Jupiter's position in the 11th is considered to remove all evils and afflictions as the saying has become legendary; but unless Jupiter is fairly free from afflictions from natural malefic planet(s), you should be modest in your expectations as this position all by itself cannot make you rich or famous. However, this position will give you good education, a respectable profession, good earnings, assistance from worthy friends and realization of your ambitions. If you are male, you would be the eldest among the co-borns. You may attain success just after the birth of a child.

## Saturn

Since Saturn is situated in your Ascendant, it will make you an embodiment of patience and perseverance. You are likely to have grave looks or a serious disposition with shy or reserved manners; you may have a melancholy mind and solitary habits. You may have had some bad experiences in early life, may have lost someone dear or may have undergone through an uphill struggle; you may be somewhat pessimistic and distrustful of others, yet you will at the same time be extremely cautious and far-sighted.

If in addition Moon is also situated in the Ascendant, then you may tend to use hard and harsh words.

If your Ascendant is Libra or Capricorn or Aquarius, then you will be more fortunate as it will be exalted or in own house and you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'; if your Ascendant is Aries, then debilitated Saturn would create health-complications and you may not be fortunate in respect of your profession -- unless Mercury is well-placed, or either Venus or Mars or Jupiter is with it or aspects it. If Saturn is close to the Sun, then you may suffer from eye-disease and wear specs. If the Ascendant-lord is not strong and no natural benefic planet is with Saturn or aspects it, then you may suffer bone-breakage.

## Moon

Since the Moon is situated in your 9th house, your mind will be fanciful, romantic, ever changing and always in search of novelty. You will be grossly interested in the people and life in distant lands and foreign countries. If the Moon is placed in an watery sign (Cancer, Scorpio or Pisces), then you may have attraction for the seas and may have voyages. If the Moon is placed in a movable sign (Aries, Cancer, Libra or Capricorn) or if a number of planets are in such signs and/ or in common signs (Gemini, Virgo, Sagittarius or Pisces), then you may have journeys to long-distance places. If the Moon is associated with or aspected by Jupiter or Saturn while Mercury is also similarly disposed, then you will have the inclination to penetrate into unexplored areas and may gain honours in some domain or the other. If the Moon is under the influence of Jupiter, then you might be engaged in clerical pursuits; Venus influencing may take you to legal profession; Mercury influencing might take you to the study of science subjects; Saturn influencing might take you to mining, geology, agriculture or industrial avocations. If the 9th-lord is well-placed and the 6th-lord is placed in the 4th or the 5th or aspects either of these two, then you might study medicine.

## Rahu

Since Rahu is situated in your 9th house, you will be fortunate if your Ascendant is Taurus or Gemini or Virgo or Capricorn, or if the 9th-lord is well-placed, or if Rahu is either associated with or aspected by a natural benefic planet. But if your Ascendant is Pisces, then you may not be fortunate in respect of all affairs in general -- unless Mars is well-placed in your chart. If the Sun is not well-placed, then your father might lose his fortune and become distressed during sometime in your early life. If the Moon is well-placed and the 6th-lord is situated in the 4th or the 5th, then you may have medical education but if the Moon is weak and a natural malefic planet is situated in the 6th or aspects it, then you may suffer from some disease which would be difficult to diagnose and will tend to aggravate intermittently. If Rahu is associated with or aspected by the Sun or Jupiter, you will be religious-minded but if it is associated with or aspected by Mars or Saturn, then you might be quite un-orthodox in your beliefs and may prefer the company of people of different community or religion and gradually acquire their habits which will be the cause of some concern to your relatives or friends. You are likely to opt for a self-selected life-companion.

## Ketu

If the Moon is also situated in the 3rd house, the physical or mental health of your mother may cause you some concern but if Mars is situated there, then you may have an ungovernable temper and may have some problem from fire and poisonous drugs or corrosive chemicals.

If Ketu is situated in the own star or that of Jupiter, then you will have religious inclinations but if it is situated in the star of another retrograde malefic planet, then you may be prone to face accidental mishaps; if Ketu is situated in Rahu's star, then you might have serious problems with some undesirable characters.

If a natural benefic planet is also situated with it or aspects it, the situation will be much improved; but if a natural malefic planet is also situated with it or aspects it, then the things may tend to go beyond control. If the Moon is close to it, then you may have eccentric tendencies and an ever-changeable mood. If Mercury is close to it, then you may invite unnecessary troubles through your utterances. If Venus is close to it, then some person of aristocratic background or connected with the music fields may have fleeting ties with some of your family-members; in this respect you should better remain careful. If Mars or Pluto is with it or aspects it, then you might get into conflicts for uttering wrong things to ruffian people. If a natural benefic planet is situated with it or aspects it, then you may be able to manage them by making some sacrifices, but if a natural malefic planet is with it or aspects it, then the situation may worsen and it may affect your health. But if the 5th-lord is ill-placed or if a natural malefic planet is situated with it or aspects it, then you may have a misalliance and go down-the-hill recklessly for which you may later become a victim of physical violence and/ or may even opt for having or inciting an abortion.
